

December 1, 2022

Greetings,

I hope this finds you well. I am Douglas Patac, inventor of The Pleco Feeder.

I am writing to say thank you, to ALL of you who have interacted with me through emails, Trade Shows, Fish Conventions, letters, and any other way I may have forgotten.

For the past 10 years I have sold thousands and thousands of Pleco Feeders and you have been a part of that. So many of you have left reviews online, shared videos, pictures, and comments with me. You have told me what you liked, what you didn't like, and what you would like to see with The Pleco Feeder. You have shared stories about your fish and how much you love The Pleco Feeder. Over the years I have made adjustments to The Pleco Feeder based on your feedback. It has been a humbling experience to listen to your comments, feedback, and stories about a product I created. The Pleco Feeder truly was

"born out of a need to have an easier way to feed my plecos. I was tired of tying a piece of zucchini to a rock then getting my arm wet and covered with duck weed when I placed it in the tank and again when I had to take it out. I started thinking there must be an easier way."

Your purchases, comments, suggestions, and stories all contributed to the growth and evolution of The Pleco Feeder. I have enjoyed this journey with you.

The time has come for me to go in a different direction and hand over the reins of The Pleco Feeder to its new owners, Ben and Meredith Sobieck. Ben and Meredith are excited to work with a successful product and looking forward to growing The Pleco Feeder Brand. I am delighted to have new owners who will take care of The Pleco Feeder as I have.

Please join me in welcoming them to this new venture.

We hope to complete the transition in the next several weeks and have orders resume shortly thereafter. Please be patient as we finalize all the details.

In the meantime you can reach us at:

ben@theplecofeeder.com Ben

mer@theplecofeeder.com Meredith

doug@theplecofeeder.com Doug (dpatac@gmail.com for any future correspondence)

Thank you for a great journey.

Doug
